SCHOOL OF LAW

GENERAL STATEMENT

The Night School of Law of Loyola University was established in October, 1914. During the first year of its existence the classes were held in the Alumni Hall of the College of the Immaculate Conception, Common and Baronne Streets. An increase in the student-body made the removal of the school necessary, and it was decided to use a portion of Marquette Hall, located on the University campus near St. Charles Avenue. In September, 1925, the Day School of Law was inaugurated, in order to meet the standards of the Council on Legal Education of the American Bar Association and of the Association of American Law Schools. In 1931 the need for more library space and additional classroom space necessitated the removal of the School of Law to Bobet Hall, the latest addition to the University buildings. Here it is housed, occupying the entire ground floor, where there is ample space for all of its present needs.

The curriculum of studies covers a period of three years in the Day Division, and four years in the Night Division, at the end of which the degree of Bachelor of Laws is conferred on those who have passed successfully the required examinations in the entire course.

The School of Law is a member of the Association of American Law Schools and is on the list of schools approved by the Council on Legal Education of the American Bar Association, which approval is dependent upon meeting and maintaining certain standards as to entrance requirements, faculty, library and curriculum. The School of Law is also registered as an approved school by the Board of Regents of the University of the State of New York.

The Faculty of the Law School, mindful of its responsibilities in the matter of improving the standards of legal education in this State, and, from long experience, being convinced of the soundness of the standards advocated by the Bar Association, announced in 1925 its determination to comply therewith. Accordingly, increased educational requirements for entrance were announced; a day school having a three-year course of instruction was inaugurated for those students who

could devote substantially their entire time to the study of law; the course in the evening school was lengthened to four years; additions were made to the full-time faculty; and the library was greatly enlarged.

COURSE OF STUDY

While it is the primary purpose of the School of Law to educate lawyers for practice in Louisiana, the faculty recognizes that a broad legal training is an indispensable requisite to the successful practice of law. Accordingly, the study of the common law, which prevails in the other States, is not neglected. The civil law system, so peculiar to our State, necessitates a detailed study of the Civil Code of Louisiana, which is based on the Code of Napoleon. The decisions of the Louisiana courts construing, interpreting and applying our written law must be carefully studied.

The curriculum is planned with the view of giving the student a sound legal training. Courses are given in the various branches of the common law, following the conventional lines of the courses given in most of the law schools of the country. The law curriculum is particularly desirable for the student of comparative law who wishes to study the actual operation of the civil law side by side with the common law.

THE FACULTY

The faculty is composed of six full-time professors who devote their entire time and attention to university work. In addition, a few courses are given by part-time instructors who are eminent and active practitioners in the city of New Orleans, and who are selected with reference to their particular ability to give the course assigned to them. In this manner the students are in contact not only with a staff of men who make teaching their chief pursuit, but the students have the added advantage of personal contact with the active practitioners, who are all experts in their particular fields. The relatively small student-body of the School of Law increases the opportunity for personal contact between faculty and students, with the resultant benefits to be derived from individual attention and conferences.

LAW LIBRARY

The Law Library is open every day for the use of students. It contains more than 14,000 volumes, including the reports of the United States Supreme Court and of the inferior Federal courts; the National Reporter System, including the New York Supplement; the reports of the courts of last resort of most of the States complete to the National Reporter System; the American Digest System; the leading State, Federal, and English digests; the principal law encyclopedias; sets of annotated selected cases; the English Reports, Full Reprint and a complete set of the Law Reports; complete sets of most of the leading American legal periodicals; and a large number of standard text-books. The Law Library of Chief Justice Edward Douglass White, which was donated to the School of Law, is a part of the collection.

Ample facilities are provided in this library for the entire student-body and the reference materials are readily available to them.

RESEARCH READING ROOM

In addition to the general Law Library, which houses the volumes just enumerated, there has been recently made available a special Library and Reading Room, which contains a wealth of material comprising the leading French legal authorities, together with numerous works on Roman, Swiss, Spanish, and other national legal literature. This collection contains one of the most complete groups of French law books in the State, including many valuable editions of the Louisiana Civil Code.

The Research Reading Room is available to the students at all reasonable times, and they are encouraged to acquaint themselves with the source materials of the law.

The faculty and students of the School of Law wish to acknowledge with sincerest gratitude the various donations made by Miss Eleanor Del Bondio to the School of Law, which made it possible to improve its facilities and equipment.

REQUIREMENTS FOR ADMISSION

In addition to meeting the requirements for admission to the College of Arts and Sciences, applicants for admission to the School of Law must have completed their eighteenth year at the time of registration. In accordance with the standards of the Association of American Law Schools and the American Bar Association, students entering the School of Law must present satisfactory proof that they have completed "one-half of the work acceptable for a Bachelor's degree granted on the basis of a four-year period of study by the State University or the principal colleges or universities in the State where the Law School is located. *Such work must have been passed with a scholastic average at least equal to the average required for graduation in the institution attended.*"

PRE-LEGAL REQUIREMENTS

While the Faculty of Law realizes that the widest possible latitude ought to be afforded a student in laying the educational and cultural foundation for his professional studies, experience has shown that a student left too much to his own choice in the selection of his pre-law studies frequently fails to employ his time to the best advantage. It is doubtful if a student entering college is capable of determining for himself what course of study will be most advantageous to him in preparing for his law training, and the tendency is to choose those courses which he feels that he can pass successfully irrespective of their merit. In view of this experience of the Faculty of Law, the following pre-law curriculum has been designed.

Students are advised in shaping their pre-legal course to adhere closely to the following recommendations. A departure therefrom may cause an application to be rejected. The applicant's record in his pre-legal work must be of such a character as to indicate that the applicant will be able to do satisfactory work in the School of Law. Pre-legal credit will not be given for courses without substantial intellectual content.

ADVANCED STANDING

Students who have successfully pursued a portion of their law course in an approved Law School (that is, a school which is a member of the Association of American Law Schools or approved by the American Bar Association), and who are able to meet the entrance requirements of this Law School, will receive credit for work successfully pursued in such approved school. The right is reserved to refuse such credit in whole or in part, and credit given may be withdrawn for poor work. At least one year's residence is required of advanced students or they will not be eligible for a degree. Therefore, credit given for work in another law school shall not exceed two years.

A student who has attended another law school, and who has been dropped for defective scholarship, is not eligible for admission to this Law School unless special permission is obtained, which permission shall be in the discretion of the Dean.

SPECIAL STUDENTS

While it is the policy of the Faculty of Law to insist upon the minimum of pre-legal education on the part of those who apply for admission to the School of Law, it nevertheless realizes that occasionally special circumstances, such as maturity, demonstrated ability in other fields, and individual aptitude, will justify exceptions within the limits imposed by the Articles of Association of the Association of American Law Schools. Therefore, a limited number of Special Students may be admitted to the Evening Division only.

Applicants who wish to qualify as Special Students are advised to apply to Professor A. E. Papale, Chairman of the Faculty Committee on Special Students, for the necessary forms and regulations. Applications will be passed upon by the Faculty Committee on September 1.

The following general regulations apply to all Special Students:

- (1) The applicant must be at least 23 years of age.
- (2) There must be some good reason for thinking that the applicant's experience and training have specially equipped him to engage successfully in the study of law, despite the lack of the required college credits.

COMBINED COURSES

A student by a proper selection of courses in the College of Arts and Sciences, after completing three years of college work, may be eligible for the degree of Bachelor of Arts or Bachelor of Philosophy by combining the first year of law work with the work completed in the College of Arts and Sciences. In this manner it is possible to receive an academic degree and the professional law degree in six years.

Students electing to take the combined courses must obtain the approval of the Dean of the College of Arts and Sciences. Students registered in the School of Law will not be permitted to take work in the College of Arts and Sciences without special permission from the Dean of the Law School.

The Faculty strongly advises those contemplating the study of law to arrange their college work in such a manner that they may take the combined course, with the resulting advantage of a broader background for the study of the law.

REQUIREMENTS FOR LAW DEGREE

The course of studies covers a period of three years in the Day Division and four years in the Evening Division. Classes are held in the Day Division from Monday through Saturday morning and in the Evening Division from seven to nine P. M., Monday through Friday.

The degree of Bachelor of Laws (LL.B.) will be conferred upon those who have satisfactorily completed the course of eighty semester hours, as outlined in this Bulletin.

EXAMINATIONS AND SPECIAL REGULATIONS

Examinations are given at the end of each of the two semesters into which the scholastic year is divided. The alphabetical system of grading is used. The grades A, B, C, D, E and F will be given. The percentage values and qualities of work indicated by these grades are as follows:

Grade	Quality of Work	Percentages
A.....	Excellent	93 - 100
B.....	Good	85 - 92
C.....	Fair	77 - 84
D.....	Bare Pass.....	66 - 76
E.....	Condition	50 - 65
F.....	Failure	Below 50

The lowest passing grade is "D." The condition indicated by the grade "E" may be removed by successfully passing a second examination. A mark of "F" cannot be made up by examination, and the subject must be repeated in class.

In addition to passing the examination in the courses, a student, in order to graduate, must earn a number of "quality credits" equal to the number of hour credits required for graduation. *No student will be graduated until he has fulfilled both the credit hour requirement and the quality credit requirement.*

Quality credits are earned according to the following schedule:

Grade	Quality Credits per Credit Hour
A	3
B	2
C	1
D	0
E	0
F	0

Every student must attain a passing grade in at least one-half of the work on which he is examined in any year. He must

also obtain quality credits to the extent of one-third of the hour credits scheduled in any year. Any student who fails to meet both of these requirements shall be excluded from the School of Law. Students who have been excluded from the School of Law for failure to meet the minimum scholastic requirements will be readmitted only by special action of the Faculty.

No student will be permitted to schedule more than fifteen hours of law work or work in another department of the University in any semester without special permission from the Dean of the School of Law.

No student will be permitted to schedule less than ten hours of law work in each semester of his final year without special permission from the Dean of the School of Law.

A student whose work is unsatisfactory during any year may be denied permission to carry a full schedule during the following semester. The Faculty reserves the right to require the withdrawal of any student whose work is unsatisfactory even though the student meets the minimum scholastic requirements.

No student will be examined in any course in which he has been absent from more than twenty-five per cent of the scheduled classes. No credit will be given for any work done in such cases. Students are advised to consult with their various professors when they suspect they may have excess absences. The Faculty accepts no liability to inform any student of his excess absences prior to the issuance of the grades.

REMOVAL OF CONDITIONS

Students who have been conditioned in any subject may be permitted to take a second examination without repeating the course, in the discretion of the faculty. Except when special circumstances will not permit it, students who have conditions will take the second examination (when permission is given so to do) at the next regularly scheduled examination in the course. If the second examination is passed successfully, the grade of "E" may be converted into "D," but no quality credits can be earned in such courses unless the entire course is repeated. A student may be denied the privilege of taking the second examination and required to repeat the course, even though he has not failed the course, where the circumstances indicate that such procedure is more desirable.

FEES AND EXPENSES

LIVING EXPENSES FOR STUDENTS

Good board and lodging can be secured near the School at very reasonable rates. The University is equipped with a very fine modern cafeteria, operated under private management, where excellent meals may be obtained at very low rates.

SCHOLARSHIPS

Many bright and ambitious men and women, of approved moral character, are deprived of the opportunity of entering upon the study of law because of lack of funds. To meet this situation, the University must look to generous benefactors who, in their charity, wish to help native sons and daughters in this way by supplying funds necessary to care for a student's tuition.

A Perpetual Scholarship is founded when an endowment of \$3,000.00 is set aside for that purpose.

Scholarships cover the tuition fee only. The holder of the scholarship must pay the special fees at the beginning of the year, and must at all times set an example of good conduct and serious application. The honor will be forfeited by any holder of a scholarship whose grades or conduct during the semester are unsatisfactory.

STUDENT ORGANIZATIONS

The Delta Theta Phi, National Legal Fraternity, has established a chapter at the School of Law, to which law students are eligible for membership.

The St. Thomas More Law Club was recently established by the students of the Day Division, and all law students are eligible for membership. The Law Club, under the patronage of the distinguished English martyr and saint, is devoted to the stimulation of interest in organized legal research on the part of its membership, and particularly in the preparation and argument of mooted cases before appellate tribunals. Students who participate in this program are afforded an excellent opportunity to demonstrate and improve their legal technique under ideal trial conditions. This trial work is climaxed each year by the Moot Court competition in trials on appeal between representatives of the St. Thomas More Law Club and the Delta Theta Phi Legal Fraternity. Through the combined efforts of these two organizations and the Student Activities Committee of the University, a beautifully mounted silver plaque has been obtained for the Law Library. On this plaque the names of the representatives of the two Law Societies are engraved and the winner of the final competition is indicated. Prominent members of the Law Alumni are selected to act as judges and preside over this trial.

The Law Sodality is open to all Catholic students in the School of Law and administers to the spiritual welfare and needs of the members.
